One Meridian Plaza,  
High Rise Fire,  
Heavy Smoke  
Showing,  
**22nd  
Floor**

”

Fires in high-rise buildings beyond the reach of ladder trucks pose unique and potentially dangerous challenges to firefighters attempting to battle the blaze directly. Elkhart's HERO Pipe system is a true game-changer. Because the HERO Pipe can deliver a high volume of water at the point of attack from the floor below, it is the first viable solution for high-rise fires.
