1. All personnel who may be expected to use this equipment must be thoroughly trained in its safe and proper use.

2. Before flowing water from this device, check that all personnel (fire service and civilian) are out of the stream path. Also, check to make sure stream direction will not cause avoidable property damage.
II. INSTALLATION INSTRUCTIONS

1. 251-6 Foam Tube

To attach the foam tube to the nozzle first lift up on the lever handle to open the jaw clamp (see Figure 1), then carefully tilt the nozzle bumper into the half round portion of foam tube base clearing the jaw clamp. Next press down firmly on the lever handle to fully clamp nozzle into place (see Figure 2).
2. 251-6 CJ Foam Tube

To attach the foam tube to the nozzle first lift up on the lever handle to open the jaw clamp (see Figure 3), then carefully tilt the nozzle bumper into the half round portion of foam tube base clearing the jaw clamp. Next press down firmly on the lever handle to fully clamp nozzle into place (see Figure 4).
3. 252-8 Foam Tube

To attach the foam tube to the nozzle first lift up on lever handle to open the jaw clamp (see Figure 5), then carefully tilt the nozzle bumper into the half round portion of foam tube base clearing the jaw clamp. Next*, press down firmly on the lever handle to fully clamp nozzle into place (see Figure 6).

*Note: If the foam tube was manufactured before October 2008, make sure that the cable screw and cam slot screw are positioned between the flats on foam tube,
4. 253-9 Foam Tube

To attach the foam tube to the nozzle first lift up on lever handle to open the jaw clamp (see Figure 7), then carefully tilt the nozzle bumper into the half round portion of foam tube base clearing the jaw clamp. Next press down firmly on the lever handle to fully clamp nozzle into place (see Figure 8).
5. 254-6 Foam Tube

To attach the foam tube to the nozzle first lift up on the lever handle to open the jaw clamp (see Figure 9), then carefully tilt the nozzle bumper into the half round portion of foam tube base clearing the jaw clamp. Next press down firmly on the lever handle to fully clamp nozzle into place (see Figure 10).
